APPENDIX 1: STEERING COMMITTEE MATERIALS

STEERING COMMITTEE INVITATION

Dear [Community Partner]:

Thank you for your continued partnership over time and even through pandemics. As you know, public health has lots of responsibilities and our main one right now is pandemic response. However, we also pay attention in many different directions to keep the public healthy. It is the mission of Granville Vance Public Health to protect and promote health in Granville and Vance Counties. We seek to inspire a culture of health by improving your environment, your community and your health, through work that values collaboration, community, compassion, diversity, flexibility, integrity, quality, and respect. As a part of that work, **we are asking a representative from your organization to participate in the Granville-Vance Community Health Assessment Steering Committee.**

The Community Health Assessment is an important process that is conducted every 3-4 years in each county across North Carolina to identify priority health issues, concerns, and resources as a part of a community-wide strategic health planning process. It uses quantitative and qualitative methods to systematically collect and analyze data to understand health in our community. The goal of the community health assessment is to develop strategies to address communities' identified health needs. Essential ingredients are community engagement and collaborative participation.

As a Steering Committee member, we would like your valuable input on this process and the development of action plans for addressing our community's leading health concerns and priorities. By working together, we can give everyone in our community an opportunity for better health. The Granville-Vance CHA Steering Committee will meet four times over a five-month span from September 2021 – February 2022. We will host a **CHA Steering Committee Kick-Off meeting on Tuesday, September 21st from 1:00pm – 2:30 pm** hosted via Zoom. We feel that you can make a valuable contribution to this process, and we hope you will be part of this exciting effort to improve the health of Granville and Vance Counties. Please indicate your willingness to serve on the CHA Steering Committee and RSVP to our first meeting through our online registration system by clicking here ([REGISTER HERE](#)). If you would like to nominate another individual from your organization to participate in the CHA Steering Committee, please contact Ashton Johnson at 919-690-2114 or ajohnson@gvdhd.org, and share this information with that individual.

Sincerely,

Lisa Macon Harrison, MPH
Health Director

APPENDIX 2: PRIMARY DATA COLLECTION INSTRUMENTS

COMMUNITY HEALTH OPINION SURVEY INSTRUMENT

GRANVILLE VANCE

public health

2021 Granville Vance Public Health Community Health Opinion Survey

Granville Vance Public Health is conducting a survey to learn more about the health and topics of concern among Granville and Vance County residents. We will use the results of this survey to help create action plans to address major community health issues in Granville and Vance County. We are having a raffle for a \$150 gift card as a thank you for completing this survey. At the end of the survey you will be able to enter.

Did you receive a postcard in the mail requesting your participation?

If yes:

Congratulations! Your household was one of many randomly selected in the County. The survey is voluntary, and it should take no longer than 20 minutes to complete. Your answers will be completely confidential. The information you give us will not be linked to you in any way.

Please enter the number on your postcard: _____

[Convenience language: Thank you for your interest in the 2021 Granville Vance Public Health Community Health Opinion Survey. The survey is voluntary, and it should take no longer than 20 minutes to complete. Your answers will be completely confidential. The information you give us will not be linked to you in any way.]

Would you like to participate? ___Yes ___No

We are only surveying adults 18 and older. Are you 18 years old or older? ___Yes ___No

[If No, survey ends, goes to "At this time we are only speaking to residents 18 and older. Thank you for your time and have a great day."]

Do you live in Granville or Vance County? [use response to populate with county name]

- Granville County
- Vance County
- Neither *[Survey ends, goes to "At this time we are only speaking to residents 18 and older residing in Vance or Granville Counties. Thank you for your time and have a great day."]*

PART 1: DEMOGRAPHICS

Ok, let's start with a couple questions about you. We want to make sure we are hearing from everyone in your community. Remember everything you share with us will remain confidential and anonymous.

1. What is your age? _____ (enter age number, from 18-110)

Prefer not to answer

Did not complete high school

Associate's Degree or Vocational Training

High school graduate (or GED/ equivalent)

Bachelor's degree

Some college (no degree)

Graduate or professional degree

Prefer not to answer

PART 2: PERSONAL HEALTH STATUS AND ACCESS TO CARE

Now we would like to ask you some questions about personal health and how you access health care.

6. Where do you go **most often** when you are sick?

- | | |
|--|--|
| <input type="radio"/> Doctor's office (primary care) | <input type="radio"/> Community Clinic |
| <input type="radio"/> Health department | <input type="radio"/> VA (Veteran's Affairs Health Care) |
| <input type="radio"/> Hospital Emergency Room | <input type="radio"/> Other: _____ |
| <input type="radio"/> Urgent Care Center | <input type="radio"/> Prefer not to answer |

7. In the past 12 months, did you have a problem getting the health care you needed **for you personally or for a family member** from any kind of health care provider, including from a pharmacy or mental health provider or a substance use treatment center? By "problem," that includes needing to travel outside your home county for care.

- | | |
|---|---|
| <input type="radio"/> Yes | <input type="radio"/> N/A – I didn't need health care (skip to #10) |
| <input type="radio"/> No (skip to #10) | <input type="radio"/> Prefer not to answer (skip to #10) |

8. From what type of provider or facility did you or your family member have trouble getting health? You can choose as many of these as you need to. Choose all that apply.

- | | |
|--|--|
| <input type="checkbox"/> Dentist | <input type="checkbox"/> Health department |
| <input type="checkbox"/> General practitioner/primary care/family practitioner | <input type="checkbox"/> Hospital |
| <input type="checkbox"/> Eye care/optometrist/ophthalmologist | <input type="checkbox"/> Urgent Care Center |
| <input type="checkbox"/> Pediatrician | <input type="checkbox"/> Medical test (including a COVID-19 test) |
| <input type="checkbox"/> OB/GYN | <input type="checkbox"/> Specialist (<i>What type?</i>)
_____ |
| <input type="checkbox"/> Mental health care provider | <input type="checkbox"/> Other _____ |
| <input type="checkbox"/> Substance use treatment provider | <input type="checkbox"/> Prefer not to answer |
| <input type="checkbox"/> Pharmacy | |

9. What were the problems that prevented you or your family member from getting the health care you needed?

Check all that apply

- | | |
|---|--|
| <input type="checkbox"/> No health insurance | <input type="checkbox"/> Provider or office hours didn't work with my schedule |
| <input type="checkbox"/> Insurance didn't cover what I/we needed | <input type="checkbox"/> Provider or office was too far away |
| <input type="checkbox"/> Cost was too high | <input type="checkbox"/> No way to get there |
| <input type="checkbox"/> Provider or office would not take my/our insurance or Medicaid | <input type="checkbox"/> Service was not available in my county |
| <input type="checkbox"/> Language or other communication barrier | <input type="checkbox"/> Not enough providers offer the service |
| <input type="checkbox"/> Concerns about getting COVID-19 at a visit | <input type="checkbox"/> Didn't know where to go |
| | <input type="checkbox"/> No appointments available in the timeframe I needed |
| | <input type="checkbox"/> I didn't have childcare |

- Other: _____
- Prefer not to answer

10. Considering both your mental and physical health, would you say that, in general, your health is ...

- Excellent
- Very good
- Good
- Fair
- Poor
- Don't know/not sure
- Prefer not to answer

11. Has a healthcare provider ever diagnosed you with any of the following conditions? (Y, N, prefer not to answer. If yes, ask follow-up)

6b. Within the past year, have you had any problems accessing information or treatment for this condition?

	Diagnosis			Problems accessing information or treatment?	
a. Asthma	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
b. Mental health diagnosis (depression, anxiety, etc.)	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
c. High blood pressure	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
d. High cholesterol	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
e. Diabetes (not in pregnancy)	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
f. Pre-diabetes	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
g. Liver disease	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
h. Cancer	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No
i. COVID-19 (could include self-test)	<input type="radio"/> Yes	<input type="radio"/> No		<input type="radio"/> Yes	<input type="radio"/> No

12. Do you currently use any kind of tobacco or nicotine product, including smokeless products or vapes, on a daily basis? (If no, skip to question #14)

- Yes
- No
- Prefer not to answer

13. Which products do you use? (E-cigarettes, vape pens and juuls are electronic devices that heat a liquid form of nicotine to generate a vapor that the user inhales.)

- Cigarettes
- Pipe
- Other _____
- Prefer not to answer

- Dip or chewing tobacco
- Vape pens/E-cigarettes/Juuls

14. During this past week, did anyone smoke or use products like e-cigarettes or vape pens around you at home, in a car or your workplace?

- Yes, at home
- Yes, in a car
- Yes, at work
- No
- Prefer not to answer

15. In a typical week do you do any vigorous-intensity sports, fitness, or recreational activities that cause large increases in breathing or heart rate like running, basketball, swimming laps, or heavy gardening for at least 10 minutes continuously?

- Yes
- No
- Don't know/Not Sure
- Prefer not to answer

15b. If yes, in a typical week how many days do you do vigorous-intensity activities?

_____ Number of Days (0-7) Prefer not to answer

15c. ...and on a typical day, how much time do you spend on average doing these activities?

_____ Enter **minutes** (10-300) Prefer not to answer

16. In a typical week do you do any moderate-intensity sports, fitness, or recreational activities that cause a small increase in breathing or heart rate like brisk walking, bicycling, swimming, or golf for at least 10 minutes continuously?

- Yes
- No
- Don't know/Not Sure
- Prefer not to answer

16b. If yes, in a typical week how many days do you these moderate-intensity activities?

_____ Number of Days (0-7) Prefer not to answer

16c. ...and on a typical day, how much time do you spend on average doing these activities?

_____ Enter **minutes** (10-300) Prefer not to answer

17. Where do you engage in exercise or physical activities? (Check all that apply then **SKIP TO #19** unless the response is "I don't exercise." Continue on to #18 if respondent does NOT exercise)

- | | |
|--|---|
| <input type="checkbox"/> I don't exercise (continue to #18) | <input type="checkbox"/> Senior Center |
| <input type="checkbox"/> Public rec center(s) | <input type="checkbox"/> YMCA |
| <input type="checkbox"/> Parks or trails | <input type="checkbox"/> Faith community |
| <input type="checkbox"/> Home | <input type="checkbox"/> Malls |
| <input type="checkbox"/> Neighborhood | <input type="checkbox"/> School setting |
| <input type="checkbox"/> Private gym/pool | <input type="checkbox"/> Other (specify): _____ |
| <input type="checkbox"/> Normal work activities | <input type="checkbox"/> Prefer not to answer |
| <input type="checkbox"/> Onsite facility at work | |

18. When you skip exercise or do it less often than you want, what are some of the reasons? You can give as many reasons as you need.

(Let them answer and repeat the category checked in the list. Select all that apply.)

- | | |
|---|---|
| <input type="checkbox"/> I don't like to exercise | <input type="checkbox"/> Concerns about getting COVID-19 during indoor activity |
| <input type="checkbox"/> Lack of motivation | <input type="checkbox"/> I don't have access to a facility that has the things I need, like a pool, track, etc. |
| <input type="checkbox"/> I would need childcare and I don't have it | <input type="checkbox"/> I'm embarrassed (about my weight, fitness level, etc.) when I go exercise |
| <input type="checkbox"/> It costs too much to exercise (equipment, shoes, gym) | <input type="checkbox"/> There is no safe place to exercise |
| <input type="checkbox"/> I'm physically unable | <input type="checkbox"/> Lack of time/too busy |
| <input type="checkbox"/> It's too uncomfortable | <input type="checkbox"/> I don't need to exercise |
| <input type="checkbox"/> I'm too tired to exercise | <input type="checkbox"/> Does not apply – I get regular exercise |
| <input type="checkbox"/> Lack of transportation | <input type="checkbox"/> Other (specify): _____ |
| <input type="checkbox"/> Weather or outdoor environment (rain, heat, cold, air quality, etc.) | <input type="checkbox"/> Don't know/Not Sure |
| | <input type="checkbox"/> Prefer not to answer |

19. About how many servings of fruits do you eat in a typical day? The image below illustrates what a serving of fruit looks like. Do you eat...

- | | |
|---------------------------------|--|
| <input type="radio"/> 4 or more | <input type="radio"/> Don't know/Not Sure |
| <input type="radio"/> 2-3 | <input type="radio"/> Prefer not to answer |
| <input type="radio"/> 1 | |
| <input type="radio"/> None | |

20. [INSERT visual to guide sense of serving proportions] About how many servings of vegetables do you eat in a typical day? Here are some illustrations of what a serving of vegetables looks like. Do you eat...

- | | |
|---------------------------------|--|
| <input type="radio"/> 4 or more | <input type="radio"/> Don't know/Not Sure |
| <input type="radio"/> 3 | <input type="radio"/> Prefer not to answer |

- 2
- 1
- None

21. Nutrition experts recommend adults eat 2 cups of fruit and 3 cups of vegetables every day. If there are times you don't have the recommended serving what are the reasons? Choose all that apply.

- | | |
|--|--|
| <input type="checkbox"/> Fruits and vegetables cost too much | <input type="checkbox"/> Nobody else in my family will eat them |
| <input type="checkbox"/> I don't like the way they taste | <input type="checkbox"/> Fruits and vegetables don't fill me up |
| <input type="checkbox"/> I don't know how to prepare fruits and vegetables | <input type="checkbox"/> My culture doesn't typically include fruits and vegetables in its meals |
| <input type="checkbox"/> I wasn't aware of the recommended serving size | <input type="checkbox"/> There aren't places in my neighborhood to buy these foods |
| <input type="checkbox"/> It's hard to find fruit and vegetable options when I eat outside the home | <input type="checkbox"/> Does not apply – I eat enough fruits and vegetables |
| <input type="checkbox"/> There are a lot of other, less healthy, food options offered around me | <input type="checkbox"/> Other: _____ |
| | <input type="checkbox"/> I don't want to answer |

22. Now thinking about your mental health, for how many days during the past 30 days was your mental health not good? This could include stress, depression, anxiety, and/or problems with emotions for example.

- _____ Number of days Don't know/Not Sure Prefer not to answer

23. If you wanted or needed counseling for mental health or drug/alcohol misuse, who would you reach out to? (select all that apply)

- | | |
|--|---|
| <input type="checkbox"/> Private counselor or therapist | <input type="checkbox"/> Community agency |
| <input type="checkbox"/> Support group (e.g., AA, Al-Anon) | <input type="checkbox"/> Religious leader or clergy |
| <input type="checkbox"/> School counselor | <input type="checkbox"/> Other: _____ |
| <input type="checkbox"/> Doctor | <input type="checkbox"/> Don't know |
| <input type="checkbox"/> Family/friends | <input type="checkbox"/> Prefer not to answer |

24. When was the last time you visited a dentist or a dental clinic for a routine checkup?

- | | |
|--|---|
| <input type="radio"/> Within the past year (<1 year) (skip to #26) | <input type="radio"/> 5 or more years ago (continue to #25) |
| <input type="radio"/> Within the past 2 years (skip to #26) | <input type="radio"/> Never been to a dentist (continue to #25) |
| <input type="radio"/> 2-5 years ago (skip to #26) | <input type="radio"/> Don't know/Not Sure |
| | <input type="radio"/> Prefer not to answer |

25. What are some of the reasons you have never visited a dentist, or it has been more than 5 years? Select all that apply.

- | | |
|--|---|
| <input type="checkbox"/> Lack of dental insurance | <input type="checkbox"/> I don't have a dentist |
| <input type="checkbox"/> Cost – too expensive or can't afford the services | <input type="checkbox"/> Haven't needed to go (no need) |
| <input type="checkbox"/> Fear of dentist | <input type="checkbox"/> Other (specify): _____ |
| <input type="checkbox"/> Concerns about COVID-19 | <input type="checkbox"/> Prefer not to answer |

26. Did you know Granville Vance Public Health has a dental clinic (Carolina Fellows Dentistry)?

- | | |
|--|--|
| <input type="radio"/> Yes | <input type="radio"/> Don't know/Not Sure |
| <input type="radio"/> No (<i>skips to #28</i>) | <input type="radio"/> Prefer not to answer |

27. Did you know that the dental clinic offers a sliding fee scale for the uninsured, accepts Medicaid and private insurance?

<p>31. I can find enough economic opportunity in Granville/Vance County.</p> <p>Consider the number and quality of jobs, job training/higher education opportunities, and availability of affordable housing in the county.</p>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>32. I think there’s enough help for people during times of need in Granville/Vance County.</p> <p>Consider social support in this county: neighbors, support groups, faith community outreach, community organizations, and emergency monetary assistance.</p>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<p>33. I think there are enough substance use services that are affordable and accessible.</p> <p>Consider the cost and quality, number of options and availability of treatment services in the county.</p>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

34. Please look at this list of health and safety issues in the community. In your opinion, which THREE issues most affect the quality of life in your County?

- | | |
|--|---|
| <input type="checkbox"/> Access to health care | <input type="checkbox"/> Lack of public transportation |
| <input type="checkbox"/> Alcohol misuse | <input type="checkbox"/> Mental health concerns (depression, anxiety, dementia, etc.) |
| <input type="checkbox"/> Abuse of the elderly | <input type="checkbox"/> Motor vehicle injuries including to bicyclists and pedestrians |
| <input type="checkbox"/> Child neglect and abuse | <input type="checkbox"/> Poverty/low income |
| <input type="checkbox"/> COVID-19 | <input type="checkbox"/> Smoking/e-cigarette use |
| <input type="checkbox"/> Discrimination/racism | <input type="checkbox"/> Sexually transmitted disease/HIV |
| <input type="checkbox"/> Domestic/sexual violence | <input type="checkbox"/> Suicide |
| <input type="checkbox"/> Substance use disorders | <input type="checkbox"/> Teen pregnancies |
| <input type="checkbox"/> Food insecurity | <input type="checkbox"/> Theft |
| <input type="checkbox"/> Gang activity | <input type="checkbox"/> Violent crime (murder, assault) |
| <input type="checkbox"/> Housing problems | <input type="checkbox"/> Other: _____ |
| <input type="checkbox"/> Lack of/ inadequate health insurance | <input type="checkbox"/> <i>I don't want to give an answer</i> |
| <input type="checkbox"/> Lack of recreational facilities (parks, trails, community centers, pools, etc.) | |

35. Please look at this list of health services. In your opinion, which THREE services do you think we need more of in [Granville/Vance] County?

- | | |
|---|--|
| <input type="checkbox"/> Low-cost clinics | <input type="checkbox"/> Mobile dental clinics |
| <input type="checkbox"/> Low-cost dental clinics | <input type="checkbox"/> Worksite wellness programs |
| <input type="checkbox"/> Prescription assistance | <input type="checkbox"/> Mental health services |
| <input type="checkbox"/> School-based health centers | <input type="checkbox"/> Substance use treatment centers |
| <input type="checkbox"/> Health education programs | <input type="checkbox"/> Other: _____ |
| <input type="checkbox"/> Weight management assistance | <input type="checkbox"/> <i>I don't want to give an answer</i> |

36. The global pandemic of COVID-19 has impacted many areas of our lives. Since March 2020, have you or someone living in your household experienced any of the following as related to the ongoing pandemic? Choose all that apply.

- | | |
|--|--|
| <input type="checkbox"/> Job loss | <input type="checkbox"/> Feelings of deep sadness or depression that last for two weeks or more |
| <input type="checkbox"/> Inability to pay bills such as rent and utilities | <input type="checkbox"/> Anxiety, fear, or concern for your life that keeps you from doing the things you want to do |
| <input type="checkbox"/> Not having enough money to pay for the things you need | <input type="checkbox"/> Loss of childcare |
| <input type="checkbox"/> Lack of food or being hungry because you didn't have enough food to eat | <input type="checkbox"/> Other: _____ |
| <input type="checkbox"/> Isolation or feelings of being alone | <input type="checkbox"/> <i>I don't want to give an answer</i> |

37. Do you have a friend or family member that has been affected by the use of opioids (such as prescription painkillers, heroin or fentanyl)?

- Yes (*ask a. below*) No (→ #38) Prefer not to answer (→ #38)

a. Did they seek treatment?

- Yes No Don't know Prefer not to answer

If they didn't seek treatment, do you know why not? _____

b. If they did seek treatment, were they able to get it in your County?

- Yes No Prefer not to answer

c. Are there other drugs you hear about that we need to better address? _____

38. Are you aware of the program that distributes naloxone rescue kits for free in your County? Naloxone is a life-saving medicine that rapidly reverses an opioid overdose.

- Yes No, not aware Prefer not to answer

PART 4: FAMILIES WITH CHILDREN

Great! Now we have a few questions about children and childcare. If you do not currently have children under the age of 18 living with you, you can skip this section.

39. Are there any children under the age of 18 living in this household?

- Yes No (Skip to question #45) Prefer not to answer (Skip to question #45)

40. In the past year, have you needed any of the following childcare services but were not able to receive them?

- | | |
|--|--|
| <input type="checkbox"/> Childcare for an infant, toddler or preschool aged child (birth to 5 years) | <input type="checkbox"/> Financial help to pay for childcare |
| <input type="checkbox"/> Childcare for a child with a disability | <input type="checkbox"/> None of the above |
| <input type="checkbox"/> Before-school or afterschool care for a school-aged child (K-12) | <input type="checkbox"/> Other _____ |
| | <input type="checkbox"/> Prefer not to answer |

41. Do you have a child or children in school or preschool (K-12)?

- Yes No (*If no, skip to #44*) Prefer not to answer (*skip to #44*)

42. How well would you say your children are doing in school or preschool?

- Excellent
- Very Good
- Good
- Fair
- Poor
- Not in school/preschool (*SKIP to #44*)
- Prefer not to answer (SKIP to #44)*

43. What would you say are your child’s biggest challenges in school? (check all that apply)

- Bullying
- Substances, including Juuls, tobacco products, drugs or alcohol
- Doesn’t take it seriously
- Behavior
- Academics – Literacy
- Academics – Math
- Limited English Proficiency
- Teen pregnancy
- Stress/mental health
- Pressure to have sex
- Peer pressure in general
- Inclusive IEP’s/Education Training for parents
- Access to special healthcare needs assessments
- Falling behind due to disruptions due to COVID-19
- Lack of opportunities for social emotional development due to disruptions caused by COVID-19
- Other _____
- Prefer not to answer*

44. Are you aware of your child(ren) or their friends using any tobacco or nicotine products, including cigarettes, e-cigarettes, or vape pens?

- Yes
- No
- Prefer not to answer*

45. Are you the parent, guardian or caretaker of a child 21 years or younger who has a special health care need?

Special health care need refers to chronic physical, developmental, behavioral or emotional conditions of a type or amount beyond that required by children generally.

- Yes
- No
- Prefer not to answer*

a. Does this child have health insurance? Check all that apply

- Private (through an employer or purchased on the marketplace)
- Medicaid or other state program
- TriCare
- Health Choice
- NC HIPP (NC Health Insurance Premium Program)
- Some other source
- The child does not have health insurance (*skip to #46*)
- Other (specify): _____
- Prefer not to answer*

b. Is the health insurance adequate for the child’s needs?

- Yes
- No
- Don’t know/Not sure
- Prefer not to answer

PART 5: EMERGENCY PREPAREDNESS & COMMUNICATION

We would like to ask a couple questions about how prepared you and your household in the event of a natural disaster. We would also like to hear about where you get your health-related information.

46. Does your family have a basic emergency supply kit? These kits include water, non-perishable food, any necessary prescriptions, first aid supplies, flashlight and batteries, non-electric can opener, blanket, etc.

- Yes
- No *(skip to #48)*
- Don’t know/Not sure *(skip to #48)*
- Prefer not to answer *(skip to #48)*

47. If yes, how many days do you have supplies for? _____ *(Write number of days)*

48. Where do you get your health information? Select all that apply

- My doctor or primary care provider
- The Granville Vance Public Health Department
- News media
- NC Division of Health and Human Services
- My friends, family, or community
- Social media
- Other _____
- Don’t know/Not sure
- Prefer not to answer

49. How much do you trust health information you receive from the Granville Vance Public Health Department?

- A lot
- Somewhat
- Not at all
- Prefer not to answer

PART 6: ASSISTANCE NEEDS & SOCIAL DETERMINANTS OF HEALTH

Almost done! These next couple questions are about any assistance needs you may have, as well as any housing issues or concerns you may have.

50. In the past year, were any of the following assistance needs NOT met? Select all that apply

- Critical house repairs
- Household goods *(furniture, a stove or refrigerator)*
- Food for yourself and your family
- Clothing for yourself and your family
- Medical or adaptive equipment not covered by Medicaid or private insurance
- None of the above
- Other _____
- Prefer not to answer

- Access and safety modifications to your home (*ex. ramp, handrail*)

51. Do you have any of the following housing issues or concerns? *Select all that apply*

- | | |
|--|--|
| <input type="checkbox"/> Unable to pay rent | <input type="checkbox"/> |
| <input type="checkbox"/> Fear of losing your house | <input type="checkbox"/> Concerns about your water |
| <input type="checkbox"/> Unreliable heat or cooling source | <input type="checkbox"/> Structural safety issues |
| <input type="checkbox"/> Difficulty paying utilities | <input type="checkbox"/> Pest problems |
| <input type="checkbox"/> No working carbon monoxide detector | <input type="checkbox"/> None of the above |
| <input type="checkbox"/> No working smoke detector | <input type="checkbox"/> <i>Prefer not to answer</i> |

52. Is there at least one vehicle available for use in your household?

- Yes No *Prefer not to answer*

53. Over the past year, has anyone in your household needed help finding transportation to receive medical or assistance services, such as a getting to a doctor appointment?

- Yes No *Prefer not to answer*

a. If yes, were you able to receive services?

- Yes No *Prefer not to answer*

54. In the last 12 months, did you or others in your household ever cut the size of a meal, use a food pantry, seek reduced cost community meals, or skip meals because there wasn't enough money for food? (*Choose one*)

- Yes No *Prefer not to answer*

55. Now, thinking about your family and yourself, would you say feel safe in your neighborhood?

- Yes No *Prefer not to answer*

a. (*If NO*) Why don't you feel safe in your neighborhood?

- | | |
|--|--|
| <input type="checkbox"/> Not enough sidewalks | <input type="checkbox"/> Not enough police presence |
| <input type="checkbox"/> Streets are not well lit at night | <input type="checkbox"/> Too much police presence |
| <input type="checkbox"/> Crime | <input type="checkbox"/> <i>Other</i> _____ |
| <input type="checkbox"/> Gangs | <input type="checkbox"/> <i>Prefer not to answer</i> |
| <input type="checkbox"/> Dogs | |

56. Do you have access to the internet at work or at home?

- Yes, at home
- Yes, at both home and work
- Prefer not to answer
- Yes, at work
- No

57. Do you have a smartphone, such as an iPhone or Android?

- Yes (*ask a. and b. follow-up*)
- No
- Prefer not to answer

a. If yes, do you use it to access: (Read options and select all that apply)

- Transportation
- Information about health conditions or concerns
- Health services, such as refilling a prescription or scheduling appointments
- Tracking health data, such as weight or exercise
- Finding nutrition and exercise information
- Medication management
- None of the above
- Prefer not to answer

b. How comfortable are you with using your smartphone to videoconference with health care providers, such as primary care, mental health or substance use recovery, as an alternative to traditional face-to-face appointments? Would you say... (Read options).

- Not at all
- Somewhat comfortable
- Comfortable
- Extremely
- Prefer not to answer

58. How would you like to receive health information from the health department?

- Telephone calls
- E-mail
- Mailings
- Brochures in the clinic
- Social media
- Don't know/Not sure
- Prefer not to answer

PART 7: WRAP-UP

Alright! Thank you for your feedback so far. We have just a few more questions that will help us make sure we are hearing from everyone in your community. Remember everything you share with us will remain confidential and anonymous.

59. About how much do you weigh without shoes?

_____ pounds

Prefer not to answer

60. About how tall are you without shoes?

Height: _____ feet ____ inches

Prefer not to answer

61. What was your total household income last year, before taxes? Let me know which category you fall into.

- | | |
|-------------------------|-------------------------|
| A. Less than \$10,000 | E. \$35,000 to \$49,999 |
| B. \$10,000 to \$14,999 | F. \$50,000 to \$74,999 |
| C. \$15,000 to \$24,999 | G. \$75,000 to \$99,999 |
| D. \$25,000 to \$34,999 | H. \$100,000 or more |
| | I. Prefer not to answer |

62. (If answered #61: Including yourself, how many people does that income support? Include those that you claim as a dependent or that live with you at least ½ of the year?)

(If Prefer not to answer for #61 ask: Including yourself, how many people live in your household?)

(Enter #)_____

63. Thinking about your community, including neighborhood, faith community, the county, etc., are there individuals or organizations that are especially good at connecting people with help when it's needed?

PART 8: ADVERSE CHILDHOOD EXPERIENCES (ACES)

*Thank you so much for your time thus far. **Content Warning: Childhood Abuse.***

The last section of the survey asks about traumatic experiences you may have had when you were a child and as such are completely optional. The experiences we have as children, both good and bad, can have a big impact on our whole lives, including how well we do in school, behaviors such as smoking and substance use, and health outcomes such as depression, cancer, and obesity. Researchers are working to understand the effect that adverse childhood experiences – or ACES – have on our long-term well-being.

Resources are provided at the end of the questions.

Are you willing to answer some questions about your childhood experiences?

(Yes, No->skip to last question – make this button large and noticeable so someone could see the content warning and the top and skip)

*Resources are available to help. The Substance Abuse and Mental Health Services Administration (SAMHSA) can help you understand child trauma, the impact of trauma, and offers several help resources including the **SAMHSA's National Helpline: [1-800-662-HELP \(4357\)](tel:1-800-662-HELP)** SAMHSA's National Helpline is a free, confidential, 24/7, 365-day-a-year treatment*

referral and information service (in English and Spanish) for individuals and families facing mental and/or substance use disorders. SAMSHA website: <https://www.samhsa.gov/child-trauma/understanding-child-trauma>

There are also local providers who are ready to help:

Cardinal Innovations-Five County Community Office, 24 Hour Call Center: (252) 430-1330, Henderson
Henderson Recovery Response Center, 24-Hour Crisis Facility: (252) 438-4145, Henderson
Families Living Violence Free, Crisis Line: (919) 528-3579, Info: 919-693-5700, Oxford
Infinite Possibilities, 24-Hour Crisis Line: (252) 425-2492, Henderson
Innovative Behavioral Health, (919) 529-2474, Creedmoor

While you were growing up, during your first 18 years of life: (*Yes, No, Prefer not to answer for all*)

64. Did a parent or other adult in the household often or very often... Swear at you, insult you, put you down, or humiliate you? or Act in a way that made you afraid that you might be physically hurt?
65. Did a parent or other adult in the household often or very often... Push, grab, slap, or throw something at you? or Ever hit you so hard that you had marks or were injured?
66. Did an adult or person at least five years older than you ever... Touch or fondle you or have you touch their body in a sexual way? or Attempt or actually have oral, anal, or vaginal intercourse with you?
67. Did you often or very often feel that... No one in your family loved you or thought you were important or special? or Your family didn't look out for each other, feel close to each other, or support each other?
68. Did you often or very often feel that ... You didn't have enough to eat, had to wear dirty clothes, and had no one to protect you? or Your parents were too drunk or high to take care of you or take you to the doctor if you needed it?
69. Were your parents ever separated or divorced?
70. Was your mother or stepmother: Often or very often pushed, grabbed, slapped, or had something thrown at her? or Sometimes, often, or very often kicked, bitten, hit with a fist, or hit with something hard? or Ever repeatedly hit at least a few minutes or threatened with a gun or knife?
71. Did you live with anyone who was a problem drinker or alcoholic or who used street drugs?
72. Was a household member depressed or mentally ill, or did a household member attempt suicide?
73. Did a household member go to prison?

74. We are having a raffle for a \$150 gift card as a thank you for completing this survey. **After we analyze the data, we will share it back with the community in order for them to vote on the health priorities for the country. Would you like receive a link by email to vote on the priorities** and/or enter the raffle for the gift card?

If you select "yes" below, you will be directed to another survey to enter your participation interest(s) and supply your contact information. Your information will not be linked to your responses to this survey.

- Yes (link to separate survey for email input) No *Prefer not to answer*

Thank you so much for your time! Granville Vance Public Health and its partners will be looking at the results of the survey and following up on some of the issues and concerns raised. Thank you again for your time.

FOCUS GROUP GUIDES

YOUTH FOCUS GROUP GUIDE

Facilitators introduce themselves to kids as they're coming in, check permission slip, and go over preamble. Ask for assent and confidentiality.

Overview of Community Health Assessment: We're helping Granville Vance Public Health conduct a Community Health Assessment this year. **We look at information from surveys, focus groups, and data from programs to identify the health needs and priorities in Granville and Vance counties.** We put together all the information into a report that is used to plan programs and policies for the health department and other community groups.

Overview of focus groups: We use focus groups to hear from particular groups of people about their experiences and ideas in their own words. We look for common themes and key insights and summarize those in the Community Health Assessment report.

- 1) The focus group today will last about an hour.
- 2) Participation in the focus group is **voluntary**. **Even if your parents gave permission, you can decide not to be in the focus group or ask to be excused even after we've started. You can also choose not to answer any questions you feel uncomfortable discussing.**
- 3) We will be **recording** today's discussion. The recordings are just for us so we can remember what people said. The recording and any notes about the groups will only be accessible to our small team of people at UNC helping with the community health assessment. Once we've

finished the report, we'll delete the recording. Your names will not be included in the report. If you don't want to be recorded, you can decide not to participate in the focus group.

- 4) In a minute we'll ask everyone to let us know if they want to participate, and if they agree to keep **everything we discuss today confidential**.
- After the discussion, **we'll ask you to fill out a short demographics form and Ms. Ashton will give you a \$25 gift card to thank you for your time.**

Confidentiality: We won't be asking anyone to reveal anything about their own health or personal struggles, but we will be discussing some topics that can be sensitive. To have the most open and honest discussion we can, we need to have some level of trust in this space. We would like to hear from each of you whether you agree to keep our group discussion confidential, and agree not share anything that your classmates say today with anyone outside of the group.

Do you have any questions? About the group today or the community health assessment in general?

Do you want to participate? Do you agree not to share anything that's said inside this group today outside of the group?

"I'm going to start recording now." **START RECORDING**

Hand out stickies/pens

A Healthy Community

Facilitation: give each participant a marker and some sticky notes

1. Before we write anything down, please think for a moment: When you hear the words "healthy community," what comes to mind? What would an ideal healthy community include/look like to you?

2. On your sticky notes, write down **things that you feel are important to have in a healthy community**. One thing per sticky note. You can draw pictures if you like.

Prompts: Think about things that help people grow up healthy. Things that help people stay healthy. Things that keep people from getting sick. Things that help people recover when they're sick or facing challenges.

3. Prompt: how about things that impact mental health? Substance use? Bullying?

b. Once you have a couple, come on up and stick your stickies to these papers over here. Don't worry if you're struggling to think of things, in a minute I'll start reading off what's up here and that might jog your memory, then you can shout it out and we'll add it.

After about 5 minutes, start to read off stickies, move and group them. Ask people to clarify when necessary. What else? ...Does this look pretty good? Anything else we're missing?

4. You've shared your ideas about the ideal healthy community, now think about your community – **which of these things do you have here in Vance County?** Let's go around the room and
- A. *Move all the sticky notes that G/V HAS to the G/V wall. One paper for needs improvement*

Mental health

[If anyone added stickies related to mental health, highlight them. If not, point out that it's a health topic that hasn't come up yet.] Another difficult thing to talk about is mental health.

5. What are ways the pandemic has affected mental health in your community?
6. Do you know of any mental health services available to young people?
7. Are there things you do that help you feel connected to people in your community?
 - I. What do you do?
 - II. Where do you go?

Substance Use

[If anyone added stickies related to substance use, highlight them. If not, point out that it's a health topic that hasn't come up yet.] Substance use can be a difficult thing to talk about, but it is an important challenge to health. When we say substance use we are talking about use of alcohol, prescription medications, cigarettes, vapes and other drugs. Substance use can affect health when using those substances interferes with caring for oneself or others, going to work or school, or taking more risks than usual.

8. What resources do you know of that could help someone dealing with substance use that we could add to the Vance board?
9. Are there other resources or supports that would be helpful, but you can't find around here or you aren't sure they exist here?
10. Sometimes the resources are technically there, but people aren't able to get the help they need. What do you think are things that get in the way of people getting help with their addiction or getting into recovery?

Bullying

Sometimes people play a positive role in our health, but other times some people can cause harm either physically or mentally, one way this happens is through bullying.

11. How does bullying affect health in your community?
12. Do you know of resources (people) in your community you could go to for support? If you're comfortable please share those resources. Are any of the resources on the wall places people could go if they were being bullied? Is there anything that could be added?

13. Zoom out, are there resources that prevent bullying? What can we do to prevent bullying? What do you think we should do to prevent bullying?

Navigating Difficult Conversations with Adults

14. Think of a time where you talked with an adult about something important, what did they do that made you feel comfortable/heard?
15. Think of a time where you had a difficult conversation with an adult, what did they do that made you feel comfortable/heard?
16. What could they have done differently?

Closing

17. Out of everything we talked about today (your vision, bullying, having difficult conversations, mental health, and substance use) what are the most important issues for your community to address?
18. *If there is time*): If you had a magic wand and could bring a health resource to your community or strengthen an existing resource what would you bring or strengthen?

Make note on the stickies

19. Is there anything that we have not asked about or anything that you would like to add?

That is all the questions we have time for today. Before we go each person will get an envelope with a paper asking a few questions, please answer the questions you are comfortable with. We use this information to help us keep track of who we have talked with during the assessment. After you fill out the sheet please put it back in the envelope and stack it by Ms. Ashton. She will hand out the gift cards before you leave. Thank you so much for your time and great discussion today!

YOUTH SERVICE-PROVIDERS FOCUS GROUP GUIDE

Overview of Community Health Assessment: We're helping Granville Vance Public Health conduct a Community Health Assessment this year. We look at information from surveys, focus groups, and data from programs to identify the health needs and priorities in Granville and Vance counties. We put together all the information into a report that is used to plan programs and policies for the health department and other community groups.

Overview of focus groups: We use focus groups to hear from particular groups of people about their experiences and ideas in their own words. We look for common themes and key insights and summarize those in the Community Health Assessment report.

- The focus group today will last about an hour.

- Participation in the focus group is voluntary. Even if your parents gave permission, you can decide not to be in the focus group or ask to be excused even after we've started. You can also choose not to answer any questions you feel uncomfortable discussing.
- We will be recording today's discussion. The recordings are just for us so we can remember what people said. The recording and any notes about the groups will only be accessible to our small team of people at UNC helping with the community health assessment. Once we've finished the report, we'll delete the recording. Your names will not be included in the report. If you don't want to be recorded, you can decide not to participate in the focus group.
- In a minute we'll ask everyone to let us know if they want to participate, and if they agree to keep everything we discuss today confidential.
- After the discussion, we'll ask you to fill out a short demographics form and Ms. Ashton will give you a \$25 gift card to thank you for your time.

Confidentiality: We won't be asking anyone to reveal anything about their own health or personal struggles, but we will be discussing some topics that can be sensitive. To have the most open and honest discussion we can, we need to have some level of trust in this space. We would like to hear from each of you whether you agree to keep our group discussion confidential, and agree not share anything that your classmates say today with anyone outside of the group.

Do you have any questions? About the group today or the community health assessment in general?

Do you want to participate? Do you agree not to share anything that's said inside this group today outside of the group?

1. Do you have questions about the community assessment process?

Life in Granville & Vance Counties

2. What resources and assets do Granville and Vance counties provide that contribute to health in the community?
3. What are the challenges or barriers to building healthy communities in Granville and Vance?
4. Are there groups of people within your community whose health or human service needs seem to be overlooked, or whose needs are not met?
5. If you had a magic wand and could bring a health resource to your community or strengthen an existing resource what would you bring or strengthen?

Transportation/Access

Sometimes although a community has resources to promote health they are not used by residents.

6. How do people get to your organization/where you provide service?
 - a. How could your organization or other organizations be more accessible to people who live in rural areas?
7. How do people find out about your organization?

- a. What are some ways you would suggest to increase public awareness of your organization and others that serve the community?
8. Has your organization had success hosting events or conducting outreach in hard to reach areas?
9. What are some of the barriers preventing parents and youth from using the services your organization offers?
 - a. *Prompt* transportation, hours, awareness, cost

Practitioner Expertise

10. What do you think is the most pressing health need for youth in the community?
11. What resources in the community help serve this need?
12. What resources are needed?
13. What partners could be brought together to serve this need?
14. How do you engage parents to be partners?
15. How do you engage youth as partners?

Difficult conversations

Some practitioners have expressed that parents may struggle having difficult conversations with their children.

16. Think of a time where you talked with an child about something important, what did you do to make them feel comfortable/heard?
17. What advice would you give to parents about having honest and open conversations about challenges with their children.

Mental health

Another difficult thing to talk about is mental health.

18. What are ways the pandemic has affected mental health among youth in your community?
19. Do you know of any mental health services available to young people?

Substance use

Substance use can be a difficult thing to talk about, but it is an important challenge to health.

20. Do you know of any resources that could help children and adolescents dealing with substance use?
 - a. If so what are they?
 - b. If not, what resources would be helpful (education, overdose reversal, counseling etc.)?
21. What are the challenges to preventing substance use among children and adolescents in the community?

22. What are resources that are doing a good job preventing substance use in your community?
 - a. What are they doing well?
23. What is one thing we should know about substance use in this community?

Bullying

Bullying among youth was one issue that has been a concern in past assessments.

24. How does bullying affect the health of children in your community?
25. Do you know of resources (people) in your community children could go to for support? If you're comfortable please share those resources.
26. Think of your program, what strategies have been effective for dealing with bullying among the children you work with?
27. What can we do to prevent bullying?

COVID

28. How has the COVID-19 pandemic impacted your community?
 - i. *Probe: What are the important needs you see in the community as a result?*
 - ii. *Probe: During the pandemic, what support did you rely on?*
 - iii. *Probe: Did the pandemic influence your health or human service needs?*
29. Were there specific community resources that you became aware of during the pandemic?
 - a. *If so what were they?*
30. Are there any aspects of healthcare services that have improved as a result of changes made to combat the pandemic? (For instance being able to schedule telemedicine appointments)
31. What lessons can our community learn from going through this pandemic about taking care of our health?

Closing

32. Out of everything we talked about today (your vision, bullying, having difficult conversations, mental health, and substance use) what are the most important issues for your community to address?
33. Is there anything that we have not asked about or anything that you would like to add?

ADULT FOCUS GROUP GUIDE

Facilitators introduce themselves to participants as they're coming in, and go over standard preamble. Ask for assent and confidentiality.

Do you have any questions? About the group today or the community health assessment in general?

Do you want to participate? Do you agree not to share anything that's said inside this group today outside of the group?

"I'm going to start recording now." **START RECORDING**

Hand out stickies/pens

1. Do you have questions about the community health assessment process?

Life in Granville/Vance Counties

2. Let's go around the room and introduce ourselves and say *what's the best thing about living in this area?*
3. Think about the people of Granville County trying to lead healthy lives. We'd like you to write down some words, phrases or pictures on your sticky notes. There are things that help people be healthy in Granville County, put those on green sticky notes (just one word or phrase, or picture on each sticky). And then there are some things that get in the way of being healthy. Put those challenges on blue stickies.
 - b) Prompt: Healthy food, recreation, housing, employment, faith, healthcare, substance use...
 - c) What are sources of stress? What things affect mental health in this community?
 - d) Anything we're missing?

Transportation/Access to Care

4. Think of the challenges [reference], what organizations are serving those needs? [Put on stickies on sheet to right of challenges and assets]
 - Probe: what resources exist to support employment, healthy food, housing, mental health?
5. How do people in your community find out about the services that exist?
 - What are some ways service providers could reach out to more community members?
6. Sometimes even when the service is there, it doesn't mean everyone is getting it. What are some of the barriers that prevent people from accessing these services? [Put on stickies, place between service orgs and challenges]
 - Prompt: substance use – why don't people seek treatment?
 - Which groups of people in your community have health or human service needs that seem to be overlooked not met?

How could these groups be better served?

7. For people who don't have a personal vehicle, how do they get around?

How could organizations make their services more accessible to people who live in rural areas or who aren't able to travel easily?

8. If people could overcome these barriers [reference], and they had access to all these services [reference], would these challenges [reference] be gone?

If no, why not? What is still missing?

General COVID-19 questions

9. How has the COVID-19 pandemic impacted your community?

a. *Probe: How has it affected your children?*

b. *Probe: What are the important needs you see in the community as a result?*

c. *Probe: During the pandemic, what support did you rely on?*

d. *Probe: Did the pandemic influence your health or human service needs?*

10. Where do you get information you trust about the pandemic?

b. Was there a person or group in your community that convinced you it was important to get vaccinated? Who are they? and What did they say?

11. What local resources were you aware of for COVID-19 information, testing, vaccination, or care?

a) In what ways do you think these covid services were useful in your community?

b) How do you think they could have been improved?

Closing

12. Out of everything we talked about today, what are the most important issues for your community to address?

13. If you had a magic wand and could bring a health resource to your community or strengthen an existing resource what would you bring or strengthen?

APPENDIX 3: COMMUNITY HEALTH OPINION SURVEY METHODS AND RESULTS

SURVEY METHODS

Two approaches were used to recruit adults in Granville and Vance counties to participate in the Community Health Opinion Survey (CHOS). The sampling frame was created using tax parcel data, cross referenced with 911 address database (Granville County) and the Address Points database produced by UNC-Chapel Hill. Guidance from Vance County GIS (Nate Dumas) was used to narrow down tax parcel fields. Filtered and verified addresses produced a sampling frame of 17,149 addresses in Vance County, and 19,680 in Granville County. A simple random sample of 2,000 addresses was drawn from each county's frame.

Postcards with instructions, QR code, and link were set to the randomly-selected addresses. Residents received four separate postcards with prompts to complete the survey. The second component of recruitment involved distributing the survey link through steering committee networks, local businesses, social media, and email listservs. The survey was open from November 2021 through January 2022. A total of 270 people initiated and were eligible for the survey and 226 people completed, 112 from Granville and 114 from Vance. Of the random sample, 93 completed the survey, which is a 2.3% response rate.

SURVEY RESULTS

TOTAL POISONING DEATHS, ALL INTENTS, NORTH CAROLINA RESIDENTS

Total Poisoning Deaths, All Intents, North Carolina Residents by Count and Rate per 100,000 Population

Source: Analysis by NC Injury and Violence Prevention Branch, Epidemiology Surveillance and Informatics Unit with data sourced from North Carolina State Center for Health Statistics, Vital Statistics Death Certificate Data. Population denominators for total populations, age groups, and sex groups are from the North Carolina Office of State Budget and Management. Population denominators for race/ethnicity groups are from the US Decennial Census Redistricting dataset in 2020, otherwise the population denominators are from the American Community Survey 1-year estimates.

TOTAL UNINTENTIONAL MEDICATION AND DRUG POISONING DEATHS, NORTH CAROLINA RESIDENTS
 Total Unintentional Medication and Drug Poisoning Deaths, North Carolina Residents by Count and Rate per 100,000 Population

Source: Analysis by NC Injury and Violence Prevention Branch, Epidemiology Surveillance and Informatics Unit with data sourced from North Carolina State Center for Health Statistics, Vital Statistics Death Certificate Data. Population denominators for total populations, age groups, and sex groups are from the North Carolina Office of State Budget and Management. Population denominators for race/ethnicity groups are from the US Decennial Census Redistricting dataset in 2020, otherwise the population denominators are from the American Community Survey 1-year estimates.
